S.I.C.A.S.S – Guinea

Recommendation Letter

I am writing to recommend the services of Steps Towards Systemization STS as a management consultancy firm.

We at S.I.C.A.S.S – Guinea, consulted STS in February 2020 on organizational and performance management matters, and we were not disappointed from the outcome of their recommendations.

Mr. Georges EL Khoury who was representing STS showed attention to details and was keen to meet all the expectations. His responsiveness to urgent matters makes him unique.

Despite the tendency of consultancy firms and consultants to be theoretical in somehow; STS was very practical in the recommendations provided.

I am confident in recommending the services of STS since it showed creativity, and simplicity onto its way of doing things.

If you need more information about STS's services and Mr. Georges EL Khoury, feel free to consult me.
